

ROYAL FRUITS

● This is a 3 reel video game. Wins are awarded for sets of 3 matching fruits on each of 5 paylines as detailed in the win plan on the upper screen. A player may choose various stakes to play the game and his awards, as shown on the top winplan, reflect the level of stake chosen. In addition to these "in-line" wins there is also the chance of a FEATURE game. This is offered when there are three RoyalFruit symbols visible in the window. On achieving the FEATURE , the player is invited to 'stop' a spinning reel on the top award panel. If the 1:6 chance portrayed is successful he will win the equivalent of 100 x stake.

All wins may be gambled on the **RED/BLACK GAMBLE**.
